Jerrerson Standard under writers are trained to render Planned Protection Service. Here are the Seven Basic Needs: How many have you taken care of?

- CLEAN-UP FUND—Immediate cash to take care of doctor bills, hospital bills, taxes, and other outstanding bills in event of your premature death.
- INCOME DURING READJUSTMENT PERIOD—Money to provide living expenses for family while readjusting themselves to a new life without the head of the family.
- INCOME DURING THE CRITICAL PERIOD—To maintain family of small children under care of their mother until the youngest child has at least completed High School.
- MORTGAGE INSURANCE—To cancel the mortgage on your home in the event of your death. Home life is the very foundation of our freedom and democracy. Protect your family's home.
- EMERGENCY FUND—To meet quick emergencies that call for ready cash—those unexpected expenses which your widow might have to face.
- INCOME FOR WIFE FOR LIFE—Security, happiness, comfort, and peace of mind for your wife during her sunset years.
- EDUCATION FOR CHILDREN—Jefferson Standard Educational plan spreads the cost and arranges for the money to be available when the child is ready for college.

There is a Jefferson Standard policy for every life insurance need.

# INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1947-48 edition of the Greensboro City Directory, which also includes Bessemer, Guilford College, Hamilton Lakes, Pomona and Starmount Forest.

Confidence in the continued growth of Greensboro's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Greensboro to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Greensboro Directory will fulfill its mission as a source of authentic information pertaining to the community.

#### Four Major Departments

The four major departments are arranged in the following order:-

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 25 to 680, on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Greensboro and vicinity, and the name, official personnel, nature and address of each firm and corporation.

THE BUYERS' GUIDE, preceding the Classified and separately paged from 1 to 156, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests of Greensboro and vicinity. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a large commercial and industrial center like Greensboro, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 337 to 903, on yellow paper. This department lists the names of all business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, on pink paper, follows the Classified and is separately paged from 1 to 117. In this section the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the designation of homes and places of business having telephones.

#### Community Publicity

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have

placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Greensboro and vicinity.

#### The Greensboro Directory Library

Through the courtesy of the publishers of the Greensboro City Directory, a Directory Library is maintained in the offices of the Greensboro Chamber of Commerce, for free reference by the general public. This is one of 600 Directory Libraries installed in the chief cities of the U.S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY CO., Inc., Publishers.

has 100 men, with 1 station and 25 pieces of motor equipment.

#### History

GUILFORD COUNTY: Settled by Ulster Scots, English and Welsh, Quakers and Germans, principally between 1750 and 1770. The county was established in 1771, formed from parts of Orange and Rowan counties and named after Frederick (Lord North), Earl of Guilford. 624 square miles. Population, 153,916 (1940 U. S. Census).

GREENSBORO: County seat, chartered, 1808, located in exact geographic center of county; named for Gen. Nathanael Greene, hero of the Battle of Guilford Court House. Comprises 18.06 square miles. U. S. Census figures show steady growth: 1890, 3,317; 1900, 10,035; 1910, 15,895; 1920.

THE O. HENRY HOTEL

10,720; in parochial, 106. Number of teachers in public schools, 364; in parochial, 4. Value of public school property, \$3,476,452.49; parochial, about \$28,000; college, \$13,257,030. 9 institutions of higher education in county, with 8,500 to 9,000 students. 31 urban public schools.

Public Libraries — 2, including branches, with total of 280,153 volumes (including college libraries).

City Statistics—Total street mileage, 275, with 150 miles paved. Miles of gas mains, 108; sewers, 200. Number of water meters, 12,500; electric meters, 29,574; gas meters, 6,107. Pumping capacity of water works (municipal), 30,000,000 gallons; daily average pumpage, 3,700,000 gallons; miles of mains, 200; value of plant, \$4,000,000. Fire department has 72 men, with 5 stations and 14 pieces of motor equipment. Police department

19,861; 1930, 53,569; 1940, 59,319. American-born, 99.8%. 27% Negro.

POINTS OF HISTORIC INTEREST: Battleground National Park on site of the Battle of Guilford Court House. Here Gen. Greene so crippled Lord Cornwallis that he was forced to surrender at Yorktown. Generally regarded by historians as the "turning point of the Revolution." Maintained as a national park Historical museum and many monuments of battle heroes on grounds, including that of Gen. Greene, Winston, Caldwell, and the famous "giant," Peter Francisco.

Birthplace of O. Henry (Wm. Sydney Porter), internationally-famous short-story writer. Bronze tablet on Masonic Temple identifies the location. O. Henry exhibits at Public Library, O. Henry Hotel, and Mann's O. Henry Drug Co., 121 S. Elm St.

UNION RAILROAD STATION

Dolly Madison's Well—identified by bronze marker near Guilford College.

Birthplaces of Dr. David and Rachael Caldwell, identified by bronze markers on Friendly Road.

Greensboro Historical Museum in Greensboro Municipal Center on Church Street.

#### Government

Assessed valuation of all property in Guilford County, \$209,795,439 (1946). Tax rate, 87c per \$100, plus 43c supplemental school tax on all property in the Greater Greensboro School District (1947). Total population, 1940 Census, 153,916 (largest in state).

Guilford County is administered by a commission of five elected at large. It is generally regarded as one of the best-managed counties in the state, being frequently pointed to as a model by the North Carolina Institute of Government.

Greensboro, county seat, is administered by a non-partisan council of seven nominated by districts elected at large. The council employs a full-time experienced city manager. For many years the council has been composed of successful business and professional men of demonstrated capacity in their private undertakings.

The council has directed municipal affairs upon well-established business principles uninfluenced by partisan political considerations. Good management is reflected in nationally-recognized superiority in public health administration; reduction of fire losses and low insurance rates; the salability of municipal bonds; low

GUILFORD COUNTY COURT HOUSE, GREENSBORO

tax rate; efficient police protection; unusually good water supply; clean, well-paved streets; modern sewerage and sanitation facilities. These and other evidences of good government have given to the city an atmosphere of enterprise and well-being which causes it to be enthusiastically pointed out as "a good town." Assessed valuation of property in Greensboro, \$103.777.560.

Old city tax rate, \$1.62; new city tax rate, \$1.42.

#### Education

GUILFORD COUNTY has nine institutions of higher education, with approximately 8,500 to 9,000 students. Eighteen modern consolidated rural public high schools and 13 urban public schools; total enrollment, approximately 13,000.

GREENSBORO: The Woman's College, University of N. C., ranks high among liberal arts colleges in America. Founded in 1891. Advanced schools of music, art, dramatics, home economics, physical education and secretarial science. Grants bachelor of arts and science degrees and offers graduate work. Dr. W. C. Jackson, chancellor.

GREENSBORO COLLEGE (Methodist): For 100 years has been highly regarded as a liberal arts school for young women. Music, dramatics, and cultural courses leading to bachelor degrees. Dr. Luther Gobbel, president.

GUILFORD COLLEGE (Quaker co-ed.); Chartered in 1834—an accredited liberal arts college, conferring bachelor degrees. Dr. Clyde A. Milner, president.

HIGH POINT COLLEGE (M. P.): Founded 1924 at High Point, Liberal arts courses, bachelor degrees. Dr. G. I. Humphries, president.

OAK RIDGE MILITARY INSTITUTE (R. O. T. C.): Founded at Oak Ridge, 1851. Boys' preparatory school with long record for highest rating by War Dept. Col. Earl Holt, commandant.

AGRICULTURAL AND TECHNICAL COLLEGE (N.): Founded by State in 1891 for advanced training. Bachelor degrees. Dr. F. D. Bluford, president.

BENNETT COLLEGE (N.): Founded 1873—liberal arts—bachelor degrees. Dr. David D. Jones, president.

IMMANUEL LUTHERAN COLLEGE (N.): Founded in 1903. Religious training. Dr. H. Nau, president.

PALMER INSTITUTE (N.): Founded 1902—liberal arts. Dr. Charlotte H. Brown, president.

#### Industry

The last Federal Census of Manufactures (1939) showed Guilford County having—

252 industrial and service industries.

25,176 workers.

\$19,607,164 payroll.

\$88,993,154 value of products.

Greensboro's industrial structure is well diversified—there are cotton, silk and synthetic textile mills; women's full-fashioned silk stocking and men's hose mills; wood-working, laundry, sawmill, farm tool, machine tool and sheet metal industries; general foundry and stove works; ornamental iron and steel fabricators;

VIEW OF AYCOCK AUDITORIUM AND MUSIC BUILDING AT COLLEGE FOR WOMEN, UNIVERSITY OF NORTH CAROLINA

sewer pipe and building tile manufacturers; overalls, work pants and sleeping garments plants; fertilizer plants, belting and textile specialties factories; lumber and millwork plants; chemicals and pharmaceuticals manufacturers; coffee-roasting, flour and food products plants; auto body builders; railway repair shops; ice cream and dairy products plants; printers and bookbinders; and a variety of specialty manufacturers.

The Cone Mills are the largest producers of cotton denim in the world. The Blue Bell Overall Co. is the largest in America, and the Mock-Judson-Voehringer Hosiery Mill and

ernment. Operating under these conditions and certain intangible factors, manufacturers have demonstrated that goods can be produced and sold at Greensboro for a larger net profit than in comparable establishments elsewhere, giving local plants a decided competitive advantage.

#### Commerce and Trade

GREENSBORO is easily accessible to a 50-mile trade area having over 1,000,000 consumers (1940 Census), 180,000 families (est.), \$95,000,000 industrial payroll (1940 Census), and \$815,755,131 of industrial production (1940 Census).

"CONE MILLS"—TOP LEFT, WHITE OAK MILL—TOP RIGHT, REVOLUTION MILL—BELOW, PROXIMITY MFG. CO., WORLD'S LARGEST PRODUCERS OF COTTON DENIMS

Pomona Terra Cotta Co. are the largest in the South. Vick's Vapo-Rub is known around the world.

The principal industrial advantages are climate, good living and working conditions, availability of intelligent native labor (500,000 population within one hour's auto ride to draw from), harmonious industrial relations, strict maintenance of law and order, efficient public utilities, adequate power, water and sewage-disposal; competitive transportation facilities, accessibility to raw materials and profitable markets, low taxes and insurance, and good gov-

Greensboro is the principal market of the northern Piedmont. There are approximately 1,300 retail, service and professional outlets, handling goods, wares and merchandise lines available in metropolitan centers. Retail sales approximately \$74,000,000 (1947).

Wholesale and agency establishments travel between 1,800 and 2,000 salesmen and agents and distribute a wide variety of merchandise over a much larger territory. The area served has greater purchasing power than comparable areas surrounding Richmond or Atlanta.

PILOT LIFE INSURANCE COMPANY HOME OFFICE

The home offices of several large insurance companies, together with the territorial and general agencies of numerous national firms, offering all forms of coverage, have created an "insurance fraternity" which characterizes Greensboro as the "Hartford of the South."

Greensboro is one of the principal cities for Virginia and North and South Carolina conventions. Because Greensboro is the focal point of the most densely populated area in these three states, many organizations register larger attendance at Greensboro than elsewhere. Class "A" hotels offer every modern facility.

Greensboro is territorial headquarters for many nationally-known firms.

Bank Clearings—1946—\$653,657,300. Postal Receipts—1946—\$959,332.05. Building Permits—1946—\$3,635,625.

#### Transportation

REGULAR SCHEDULED DAILY DEPARTURES: 32 passenger trains, 310 busses in and out week days, (about 360 in and out Sundays), 26 planes daily, 40 freight trains, and 71 package cars.

Greensboro is the focal point of rail, highway, and air carriers of the

northern Piedmont. It is served by the main line of the Southern Railway system (double-track), running north and south. Here also is the east and west line of the North Carolina Railroad (Southern operated), and the Southern Railway Greensboro to Winston-Salem points beyond. Greensboro also is served by the Atlantic & Yadkin Railway, providing through rates and routes to and from points in all parts of the country by its direct connections with the Atlantic Coast Line Railroad, Norfolk & Western Railroad, Norfolk Southern Railroad and Seaboard Air Line Railway.

Modern union passenger, mail and express terminals with free pick-up and store-door delivery on LCL shipments. Railway Express Agency maintains express service on practically all passenger trains, making available passenger train express service at railroad freight rates to all points in North Carolina and to a large portion of Georgia, South Carolina, Tennessee and Virginia and a part of West Virginia.

A network of more than 1,000 miles of hard-surfaced highways within a radius of 50 miles, provides a means of easy access to Greensboro for approximately 160,000 automobile owners in the area.

SEDGEFIELD INN AND GOLF COURSE

JEFFERSON STANDARD LIFE INSURANCE COMPANY BUILDING

Standard bus lines move in eight directions, connecting with all principal cities. Atlantic Greyhound, Carolina Coach and the other carriers operate under State regulations, clearing through a union terminal.

Greensboro-High Point Airport — "Lindley Field" (a pioneer in the Southeast)—serves Greensboro and High Point. On Eastern Air Lines' main line, New York to Brownsville, Texas, and Mexico City, and Detroit to Miami. Also Capital Air Lines serve Greensboro on a Washington to Memphis run—passengers, mail and express. The field has paved runways large enough to land planes up to 40,000 pounds; a first-order weather bureau, hangars, restaurant, modern lighting, service equipment, radio beacon, radio and telephone. Transportation facilities and density

in this county have made important contributions to the development of fine character and strong citizenship.

Today all leading denominations are represented—Protestant, Catholic, Jewish—and maintain handsome and inspiring places of worship. There exists among all communes an extraordinary religious tolerance activated by progressive ministerial associations and the Council of Protestants, Catholics and Jews.

The social life of many rural communities centers around and in their neighborhood churches. The urban churches also have highly-developed social programs.

Modern country clubs at High Point, Sedgefield, Starmount and Greensboro have handsome clubhouses, where friends gather for dancing, bridge, study, musical pro-

PUBLIC LIBRARY

of population combine to make Greensboro more easily accessible to more people than any other city in the South Atlantic States.

Greensboro is served by a large number of trucking companies, having excellent warehouse facilities and operating large fleets of trucks in all directions, which further adds to Greensboro's transportation facilities, with transportation rates to serve all industries on a fair basis.

#### Religious and Social Features

The church as an institution has always been a powerful and constructive force in the life of every neighborhood in Guilford County. The Quaker Meeting House at New Garden (now Guilford College) was established in 1752. Old Buffalo Presbyterian Church was established in Greensboro in 1756.

Colonial churches at Alamance, Deep River, Friedens and elsewhere grams, fox-hunting, riding, tennis, skeet, hiking, swimming and many other forms of social intercourse.

Regular music and lecture courses bring outstanding attractions to the city: Authors and artists, symphony music, occasional opera and metropolitan stage productions. Seven moving-picture theatres (two largest seating 1,950) offer current attractions. Three auditoriums seating 2,700, 1,500 and 1,200 respectively.

The famous "Playliker" organization of Women's College, University of N. C., and the dramatic units at Greensboro and Guilford colleges offer an outlet for amateur theatricals.

#### Recreation

Elevation, 839 feet above sea level. Mean temperature, 56.9 degrees F. (forty-year average).

Days of clear sunshine, 136 annually (forty-year average).

Humidity, 53.185 (forty-year average).

Precipitation, 45.65 inches (forty-year average).

Park and playground area, 504 acres.

Few sections offer greater opportunity for year-'round living out-of-doors, or more varied recreational advantages. The extent to which people in all walks participate in out-door pursuits is remarkable, and has a distinct influence on community health and well-being. Greensboro has repeatedly won national recognition in municipal health contests.

The World War Memorial Stadium provides an ideal setting for major football games, day and night baseball, interstate track meets, tennis tournaments, etc.

A city-county park provides three lakes for swimming, fishing and boating. A recreation center near

Jamestown affords a modern swimming pool. Brandt Lake offers boating and fishing.

At Sedgefield there are horses and foxhounds. The countryside abounds in quail and other game. Several game preserves are maintained by sportsmen of national prominence. There are numerous private clubs and camps nearby, containing hundreds of acres of land and water area.

Championship 18-hole golf courses, private tennis courts and swimming pools are offered by country clubs at High Point, Starmount, Sedgefield and Greensboro. A total of 504 acres reserved for parks and playgrounds by the City of Greensboro, and a full-time recreational director is employed to promote a well-rounded program of neighborhood activity throughout the year.

Pinehurst and Roaring Gap resorts within two hours' drive.

KING COTTON HOTEL

#### Don't Contribute to Counterfeiters KNOW YOUR MONEY!

#### Don't Be Fooled by Forgers KNOW YOUR ENDORSERS!

#### The Government never redeems counterfeit money!

- 1. KNOW YOUR MONEY! Study the bills you receive so as to become familiar with the workmanship on them, especially in the portraits.
- 2. COMPARE a suspected bill with a genuine of the same type and denomination. Observe these things:
  - PORTRAIT Counterfeit—Dull, smudgy, or unnaturally white, scratchy; oval background is dark, lines irregular and broken. Portrait merges into the background.
    - Genuine—Stands out distinctly from the oval background. Eyes appear lifelike. Background is a fine screen of regular lines.
  - COLORED SEAL Counterfeit—Saw-tooth points around rim are usually uneven, broken off.

    Genuine—Saw-tooth points around rim are even and sharp.
  - SERIAL Counterfeit—Poorly printed, badly spaced, uneven in appearance.
    - Genuine—Figures firmly and evenly printed, well spaced.
  - PAPER Counterfeit—Generally has no silk threads, but these may be imitated by very small red and blue ink lines.
    - Genuine—Printed on distinctive paper in which very small red and blue silk threads are scattered. The silk threads are not always noticeable on bills that are badly soiled or worn.
- 3. RUBBING a bill on a piece of paper will not prove it is genuine or counterfeit; ink can be rubbed from good bills as well as bad ones.
- 4. CONSULT an experienced money-handler or police officer to make sure, if you are still in doubt, whether a bill is genuine or counterfeit.
- 5. REMEMBER, NOT ALL STRANGERS ARE COUNTER-FEITERS, BUT ALL COUNTERFEITERS ARE LIKELY TO BE STRANGERS.

This information is reprinted from the U. S. Secret Service 32-page booklet, "KNOW YOUR MONEY", which tells how to detect counterfeit coins and bills and how to guard against losses from forged Government checks. Copies may be purchased for 10c each, or \$7.50 per 100, from the Superintendent of Documents, Government Printing Office, Washington, D. C.

# When You Want to Know:

- -where a person lives.
- -what his occupation is.
- —who lives at a certain number on a street.
- -where a street is located.
- —the correct spelling of a name.
- —the officers of a corporation.
- —the partners in a firm.
- —the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- —you can quickly find the answer in the City Directory.

DO YOUR EMPLOYERS FURNISH YOU WITH THE LATEST EDITION OF THE CITY DIRECTORY?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

# WHY A

Buyers' Guide? \* It is customary to include a Buyers' Guide in the City Directory because:

It gives business firms the opportunity to elaborate upon a description of their products and services inpossible in the limited space of regular Alphabetical and Classified listings.

The Buyers' Guide is a necessary supplement to the regular listings; it is good City Directory information . . . EXTENDED

# Out of Sight! Out of Mind! Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

# A Unique Service Provided By The Publishers of Your City Directory

he publishers of this Directory maintain for the use of their subscribers and the general public a complete library of late out-of-town City Directories. We invite you to consult this library when in need of names and addresses of individuals and firms in other cities. It is especially designed for the reference use of business men who subscribe to the local City Directory, when seeking markets and sources of supply outside this city. There is no charge except for extended continuous use. The library, with attendant in charge, is located at:

#### Greensboro Chamber of Commerce 101 N. E, Room 211 101 N. Elm, Room 211

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1947-48

Copyright, 1948, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol @ following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed, nor can the publisher furnish further information than that shown.

The A preceding names denotes houses and places of business having telephones.

Figures in parenthesis denote old numbers.

(c) denotes colored.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street inter-sections, are merely for the guidance of the publishers, and have no other significance.)

sections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No return." In each case the publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator; next, a double postal card was mailed and the telphone used when possible.)

# DIRECTORY SYMBOLS AND DESIGNATIONS

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

KNOW YOUR DIRECTORY SYMBOLS

# A STATEMENT OF ADVERTISING PRINCIPLES

- 1. Good Advertising waims to inform the consumer and help him to buy more intelligently.
- 2. Good Advertising tells the truth, avoiding misstatement of facts as well as possible deception through implication or omission. It makes no claims which cannot be met in full and without further qualification. It uses only testimonials of competent witnesses.
- 3. Good Advertising conforms to the generally accepted standards of good taste. It seeks public acceptance on the basis of the merits of the product or service advertised rather than by the disparagement of competing goods. It tries to avoid practices that are offensive or annoying.
- 4. Good Advertising recognizes both its economic responsibility to help reduce distribution costs and its social responsibility in serving the public interest.

Advertising Federation of America

(Your Directory publishers fully subscribe to the principles set forth in this statement)

## U. S. POSTAL INFORMATION

#### POSTAGE RATES AND CLASSIFICATION

#### AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all matter.

Prepay postage fully on all letters and parcels,

Always address mall for city deliv-ery to street and number and request correspondents to do likewise.

Use designation North or South, East or West when it is a proper part of the address and save delay in delivery.

Insure valuable parcels except those containing small articles of considerable value which should be registered. Wrap parcel post carefully in heavy paper and tie knots securely.

You will often gain a day's time in delivery by depositing mail as soon as

ls ready. Use Postal Unit numbers on mai addressed to clitics where Unit Numbers are required.
